

That week that was...

as all our eyes have been on Presidential matters in the USA we shall reflect on observations of past Presidents..

"Blessed are the young as they shall inherit the National Debt".
Herbert Hoover 31st President 1929-1933

"Being President is like running a cemetery: you've got a lot of people under you and nobody's listening"
President Clinton 42nd President 1993-2001

President Robyn relayed back the summary of feedback on the club strategy..

Great projects, great speakers and doing great things in the community ..

Bring guests along - those great activities make it easier to involve others with the potential for new members.

Don't be shy spread the word about what we do in the community and within the club.

Join in with club projects and activities.

If you have ideas for guest speakers let us know. We are no longer bound by geographical nearness - just look at those inspiring people who have zoomed in from all around the world.

Put your hand up to champion an event.

and Past President Russell Burton led the discussion on the messages from Sir Anand.

The club support the hypothesis advanced by Sir Anand. It was noted that Rotary is starting to make a move in this direction recognizing we need a stronger voice for Rotary. We also accepted that before we start pushing our message beyond our backyard we need to explore what we could do in Rotorua first. President Robyn is taking this message back to the All Presidents meeting next Monday.
