*"Young people aren't 'the leaders of tomorrow. They are the leaders of today **and** tomorrow."*

### 12 April 2021.

An inspirational day as we brought together the young leaders from our schools in an open session to hear about their aspirations of and for their leadership and for themselves. Although representing their schools in this capacity (School for Young Parents, Reporoa College, Western Heights, John-Paul, Girls and Boys High and Lakes High). In reality they are young and emerging leaders of our community. It was notable how the common focus was about the role models and the roles they sought to play within their schools and their local community. The common messages were; ascending their 100 peaks, working within their communities, juggling priorities, being models of leadership, being proud, celebrating the differences and how to be better at what they do. It was impressive that one group are focusing on mental health and how they can provide support to others. It would also seem that we shall have an abundance of lawyers in the future as well from defence, to international. (Photo below)

It was good to hear that this forum last year seeded their setting up a facebook page to keep in contact among themselves.

Well done and thanks to Past President Ann for facilitating this.

In memorium. Past President Ray Bloomfield. It is with sadness that we acknowledge the passing of Ray Bloomfield a former member of our club and past president. Ray gave much to Rotorua and to our club. Our very best wishes to Pat and his family.
